

Welcome!

The pathways taken during the last three years have led us from a time of exploration to one of tradition and success. Your participation in the continuation of these traditions will make St. Charles North High School even more successful than in the past. Take this moment to reflect on what your role might be in these expanded opportunities as you add to your high school experience. The cooperative efforts of each student, parent, and staff member will contribute to the successes we will enjoy in the classroom, within the student activity program, or on the athletic field.

It is my hope that the students and staff will continue to work together to provide an environment that will allow each student to someday reflect on his or her high school experience with pride. As each of us brings special skills and strengths to our school, it is also our responsibility to respect each other and to support each other as we work to refine our "North Star" traditions.

This Student Planner has been prepared for you as a resource of information and as an aid in organizing your school and personal schedules. The student handbook portion should be read carefully as it explains the policies and procedures important for your success at school. Using the calendar and assignment portion of this book will enhance your organizational skills and your success in the classroom.

Your participation in the many activities offered at you high school will enable you to make new friends, apply what you learn in the classroom, and develop valuable skills that you will use in the future. Please take a moment to introduce yourself to me in the hallways. Working together, we will continue to emphasize the importance of each individual student as partners in the cooperative venture of making St. Charles North High School the very best of learning environments.

DANCE GUIDELINES

The following guidelines are to be adhered to by St. Charles North High School students as it pertains to high school sponsored dances:

- 1) Students attending a St. Charles North High School sponsored dance must produce a current student ID verifying they are students of St. Charles North High School upon entrance to the dance.
- 2) St. Charles North High School sponsored dances are for those high school students currently enrolled at St. Charles North High School ONLY. In the event that a St. Charles North High School student wishes to bring a guest to a sponsored dance, he/she must obtain a Student Guest Request from the Student Activities Office. This form consists of the name of the guest, their address, phone number, the guest's home school along with the name of the student requesting the guest. The copy must be produced at the time of entrance to the dance.
- 3) Middle school students are not admitted to a high school sponsored dance as a participant or guest.
- 4) Once a student has been admitted to a dance he/she must remain. No student will be readmitted once they leave the dance. Students will not be admitted to the dance beyond a one-hour time limit from the time the dance starts. Students involved in activities on the same night of the dance such as athletics will be asked to report within a reasonable time after the game, competition or activity.
- 5) The general rules of conduct are expected and will be adhered to by students attending school social functions. Dance rules will be strictly enforced. Any student presenting a problem will be asked to leave the dance, his parents notified and asked to pick up their student and/or guest. Students will be dealt with in school by suitable penalties depending upon the violation.
- 6) No person shall come to the dance under the influence, or in possession of drugs or alcohol. Anyone violating this expectation is subject to arrest and appropriate school consequences.

FUNDRAISING

PHILOSOPHY: The need for fundraising activities is recognized as a source of supplemental funds. Fundraising activities should be completely voluntary for all students, parents, and community members. All fundraising activities should be sensitive to the financial concerns of the parents and community. Fundraising revenues should support supplemental expenses.

POLICY:

- 1) The Office of Student Activities exercises general control over ALL fundraising activities and must approve all in and out of school activities of this type.
- 2) Each sponsor/coach is required to complete a "Request For Approval of A Fundraising Event" before any action is taken which might obligate the organization or individual members of the organization.
- 3) In school fundraising sales of goods i.e. candy, flowers, "spirit wear", badges, etc., are limited with no sale lasting longer than two school weeks. Additional out of school fundraising may be requested.
- 4) Fundraising priority throughout the school day is limited to those organizations that are not funded, i.e. clubs and activities. Sports teams without a Booster Support group may request and receive fund raising opportunities within the school.
- 5) All extracurricular organizations that collect money must open and maintain an activity account with the school treasurer. All money collected must be deposited in this account, and all requests for disbursements must be made to the treasurer.

FUNDRAISING PROCEDURE

- 1) All requests for fundraising will originate with the sponsor/coach/advisor.
 - 2) The sponsor/coach should complete the Fundraising Request Form and receive approval from the Office of Student Activities.
 - 3) If the Fundraising Request is approved, the Office of Student Activities will schedule the fundraising activity on a master fundraising calendar. This is true for both in-school and out-of-school activities. A recapitulation report is required at the end of the fundraising.
- Academic instruction is not to be disrupted and fundraising activities are not to take place within the confines of the classroom under any circumstances. Fundraising forms, facilities usage, and calendar of these events are to be on file in the Student Activities Office.

REQUIREMENTS FOR ATHLETICS/ACTIVITY PARTICIPATION

- 1) Code of Conduct - A copy of the code signed by both the student and parents must be on file with the athletic director or activity director.
- 2) The parent permission/insurance form must be completed, signed and returned prior to each season.
- 3) Participation Fee - The Board of Education policy requires the payment of a participation fee before the student can participate in any interscholastic contest/activity/club.
- 4) Attendance - A student must be in school at least four periods of the day in order to participate, compete or practice on that day.
 - a. In case the student is absent for illness on Friday, the student may compete or practice on Saturday only with written permission of the parents and advisor/ coach/ administration.
 - b. Exceptions are automatically given for pre-arranged school trips.
 - c. Suspension from school results in suspension from practice and competition until the student is re-admitted to school.
 - d. Any exceptions to the above must be for "good cause" and prearranged with the Athletic Director or Assistant Principal for Activities/Operations.

ST. CHARLES NORTH HIGH SCHOOL EXTRACURRICULAR AND CO-CURRICULAR ACTIVITIES NO PASS NO PLAY POLICY

Eligibility for participation in competitive IHSA sanctioned school activities and cheerleading and drill team will be determined in accordance with Illinois High School Association's standards for interscholastic sports. Participation in such activities requires students must maintain a passing grade in four courses, excluding physical education, as determined on a weekly basis during the competitive season. Students failing to meet such standards on a weekly basis are prohibited from participating in competitions for a minimum of one week or until the student's academic performance meets the minimum standards for participation. If a student does not maintain a passing grade in four courses, for a given semester, he/she will be prohibited from participating in competitions the following semester. The IHSA standards will be applied in all co-curricular school activities. The standard of maintaining a passing grade in four courses is the same. A student not passing four courses each week will be prohibited from participating in the activity for the following week.

ATHLETICS

St. Charles North High School offers a full range of athletic competition for all students. The "North Stars" compete in the Upstate Eight Conference. All SCNHS sanctioned athletes must abide by the eligibility rules established by the Illinois High School Association and those set by St. Charles North High School.

The St. Charles Board of Education has ruled that each participant must either purchase school sponsored insurance or show proof that the participant is covered by other health insurance. Insurance waiver forms are available in the main office. Students in grades 9, 10, 11 and 12 are eligible to participate in interscholastic athletics.

In addition to the insurance waiver card, a Code of Conduct card/Physical Card and information card must also be completed, signed, and on file each season prior to the beginning of practice. This includes all of the above mentioned teams as well as any interscholastic athletic participants.

IHSA
Illinois High School Association
For 2003 - 2004 School Term
(Revised 2/27/03)

Athletic Eligibility Rules

When you become a member of an interscholastic athletic team at your high school, you will find that both your school and the IHSA will have rules you must follow in order to be eligible for interscholastic sports participation. The IHSA's rules have been adopted by the high schools which are members of IHSA as part of the Association's constitution and by-laws. They must be followed as minimum standards for all interscholastic athletic competition in any member school. Your high school may have additional requirements, but they may not be less stringent than these statewide minimums.

The principal of your school is responsible to see that only eligible students represent the school in interscholastic athletics. Any question concerning your athletic eligibility should be referred to your principal, who has a complete copy of all IHSA eligibility rules, including the Association's due process procedure. Only the IHSA Executive Director is authorized to make formal rulings on eligibility, so if your principal has questions or wishes assistance in answering your questions, the principal should contact the IHSA office.

Information contained here highlights only the most important features of the IHSA by-laws regarding interscholastic athletic eligibility. It is designed to make you aware of major requirements you must meet to be eligible to compete in interscholastic athletics. The information here is only a general description of major by-law provisions and does not contain the statement of the by-laws in their entirety.

You will lose eligibility for interscholastic athletics if you violate IHSA by-laws. Therefore, it is extremely important that you review this material with your parents, your coaches, your athletic director, and your principal to thoroughly understand the IHSA eligibility by-laws and how they relate to you.

Attendance

1. You may represent only the school you attend. Participation on a cooperative team of which your school is a member is acceptable.
2. You must be enrolled and be attending classes in your high school no later than the beginning of the 11th school day of the semester.
3. If you attend school for ten (10) or more days during any one semester, it will count as one of the eight (8) semesters of high school attendance during which you may possibly have athletic eligibility.
4. If you have a lapse in school connection for ten (10) or more consecutive school days during a semester, you are subject to ineligibility for the rest of the semester. The specific terms of your extended absence must be reviewed by the Executive Director to determine if it is Alapse in school connection or not.

Scholastic Standing

1. You must pass twenty (20) credit hours of high school work per week. Generally, twenty (20) credit hours is the equivalent of four (4) full credit courses.
2. You must have passed and received credit toward graduation for twenty (20) credit hours of high school work for the entire previous semester to be eligible at all during the ensuing semester.

Residence

Your eligibility is dependent on the location of the residence where you live full time with your parents, parent who has been assigned custody by the court, or court appointed legal guardian. You may be eligible if you attend the public high school in the district in which both of your parents live. [If you do not reside with both of your biological parents, your eligibility may be subject to special provisions. Check with your principal to be sure you are eligible before you participate.]

You may be eligible if you are entering high school as a freshman and:

1. You attend the public high school in the district in which you live full time with both of your parents; or
2. You have paid tuition to attend a public high school for a minimum of 7th and 8th grades in a district other than the one where you live with your parents, and you continue to pay tuition as a high school student in that same district; or
3. You attend a private/parochial school located within the boundaries of the public school district where you live with your parents or court appointed legal guardian; or
4. You attend a private/parochial high school for 7th and 8th grades, or for any four (4) grades from kindergarten through eighth grades; or
5. You attend the private/parochial high school which one or both of your birth parents attended or where one of your parents current spouses attended; or
6. You attend a private/parochial high school located within a thirty (30) mile radius of the residence where you live with your parents.

Transfer

1. In all transfer cases, both the principal of the school from which you transfer and the principal of the school into which you transfer must concur with the transfer in writing on a form provided by the IHSA Office. ***You cannot be eligible when you transfer until this form is fully executed and on file in the school office.***
2. If you transfer after classes begin for the current school term, you will definitely be ineligible for thirty days from the date you start attending classes at the new high school. In addition, you will be ineligible for that entire school term in any sport in which you engaged in any team activity, including but not limited to tryouts, drills, physical practice sessions, team meetings, playing in a contest, etc. at the school from which you transferred. For example, if you were out for cross country at the school from which you transfer and transfer after classes have started for the school term, you will be ineligible for cross country that entire school term at the new school.
3. If you transfer attendance from one high school to another high school, you will be ineligible unless:
 - a. Your transfer is in conjunction with a change in residence by both you and your parents, custodial parent or court appointed guardian from one public school district to a different public school district;
 - b. Your transfer is between high schools within a public school district and both you and your parents, custodial parent or court appointed guardian change residence to the district attendance area for the school to which you transfer;
 - c. Your transfer is from a private/parochial school to your home public high school, you are entering a public high school for the first time, and the principals of both your former and the new school approve your transfer;
 - d. Your transfer is from one private/parochial school to another private/parochial school located within a thirty (30) mile radius of the residence where you live with your parents, custodial parent or court appointed guardian, you are changing high schools for the first time, and the principals of both your former and the new school approve your transfer;

- e. Your parents are divorced or legally separated; you transfer to a new school in conjunction with a modification or other change in legal custody between your parents by action of a judge; and required court documents are on file at the school into which you transfer;
4. If you transfer in conjunction with a change in legal guardianship, a ruling on your eligibility must be obtained from the IHSA Office.
5. If you transfer attendance from one school to another while you are ineligible for any reason, the period of ineligibility imposed prior to your transfer will be enforced at the school to which you transfer, even if you are otherwise in compliance with the by-laws.
6. Any questions about your eligibility in any of these instances must be resolved by a formal ruling from the IHSA Executive Director.
7. In all other transfer situations, a ruling by the IHSA Executive Director is necessary to determine your eligibility. This ruling must be obtained in writing by the principal of the school into which you transfer before you participate in an interscholastic athletic contest.

Participation Limitations

1. After you enroll in ninth (9th) grade, you may be eligible for no more than the first eight (8) semesters you attend school. If you attend school for ten (10) or more days in a semester, that counts as a semester of attendance. You are not guaranteed eight semesters of eligibility, but that is the maximum number of semesters of high school attendance during which you may possibly have eligibility.
2. Your 7th and 8th semesters of high school attendance must be consecutive.
3. After you enroll in ninth (9th) grade, you will not be eligible for more than four (4) years of competition in any sport. You are not guaranteed four (4) years of competition, but that is the maximum amount of competition you may have.

Age

You will become ineligible on the date you become twenty (20) years of age, unless your twentieth (20th) birthday occurs during a sport season. In that case, you will become ineligible in regard to age at the beginning of the sport season during which your twentieth (20th) birthday occurs.

Use of Players

You may not appear at a contest in the uniform of your school while you are ineligible. This means that you may not dress or sit on the bench in uniform if you are not eligible to play. Also, you may not compete as an "exhibition" contestant if you are not eligible.

Participating Under a False Name

If you compete under a name other than your own, your principal will immediately suspend you from further competition and you and any other person(s) who contributed to the violation of this by-law will be subject to penalties.

Physical Examination

You must annually have placed on file with your principal a certificate of physical fitness, signed by a licensed physician, in order to practice or participate. Your physical examination each year is good for only one (1) year from the date of the exam. The physician's report must be on file with your high school principal.

Amateur Status

1. If you win or place in actual competition, you may accept a medal or trophy for that accomplishment, without limit to its cost.
2. For participating in competition in an interscholastic sport, or for athletic honors or recognition in a sport, you may receive any type of award (except cash, check or legal tender) that does not exceed \$20 fair market value. There is no limitation on the value of your school letter.

4. If you violate the amateur rule, you become ineligible in the sport in which you violate. You must be reinstated by the Executive Director before you may compete again.

Recruiting of Athletes

1. The by-laws prohibit recruiting of high school students for athletics. If you are solicited to enroll in or transfer to a school to participate in athletics, you are being illegally recruited and your eligibility is in jeopardy.
2. You will lose your eligibility if you enroll in or transfer to a school in response to recruiting efforts by any person or group of persons, connected with or not connected with the school, related to athletic participation.

4. You may not receive an "athletic scholarship" or any other special benefit from your school, provided because you participate in athletics.
5. It is a violation for any student-athlete to receive or be offered remuneration or any special inducement which is not made available to all applicants who apply to or enroll in the school. Special inducement includes, but is not limited to:
 - a. Offer or acceptance of money or other valuable consideration such as free or reduced tuition during the regular year or summer school by anyone connected with the school.

 - j. Offer or acceptance of help in securing a college athletic scholarship.
6. It is also a violation to induce or attempt to induce or encourage any prospective student to attend any member school for the purpose of participating in athletics, even when special remuneration or inducement is not given. Please remember that you may not be offered or receive any benefit, service, privilege or opportunity which is not also provided or made available to all prospective students at that school.

School Team Sports Seasons

1. Each sport conducted by IHSA member schools has a starting and ending date. Your school may not organize a team, begin practice or participate in contests in a given sport until the authorized starting date. Your school may not continue to practice or participate in contests after the authorized ending date. This means that:
 - a. During the school year, you may not participate on a non-school team coached by any member of your school's coaching staff unless it meets specific criteria established by the by-laws.
 - b. No school coach may require you to participate in an out-of-season sport program as a requirement for being a member of a school team.
2. Violation of the sport season by-laws will result in penalty to you and/or to your school's coaching personnel.

Playing in Non-School Competition

1. During the time you are participating on a school team in a sport at your high school, you may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
2. If you participate in non-school competition during a sport season and subsequently wish to join the school team in the same sport, you will not be eligible.
3. If you wish to participate in a competition sponsored and conducted by the National Governing Body for the sport, your principal must request approval in writing from the IHSA Office prior to any such participation
4. You may try out for a non-school team while you are on your school's team in that same sport, but you may not practice, receive instruction, participate in workouts, or participate in competition with a non-school team in that same sport until you cease being a member of your school's team. You cease being a member of your school's team when the team(s) of which you are a member terminates for the school term.
5. You will become ineligible if you participate on, practice with or compete against any junior college, college or university team during your high school career.

All-Star Participation

1. After you have completed your high school eligibility for football, basketball, soccer or volleyball, you may participate in one (1) all-star contest in any of these sports and still play for other school teams, provided:
 - a. the high school season in that sport has been completed;
 - b. the all-star contest has been approved by the IHSA.You may lose your eligibility for other interscholastic sports if you play in all-star competition in any of these sports under any other conditions.
2. You are not restricted from participating in all-star competition in sports other than football, basketball soccer or volleyball, except that you may not do so during the school season for the sport.

Coaching Schools

1. A coaching school, camp or clinic is defined as any program, sponsored by an organization or individual, which provides instruction in sports theory and/or skills; which does not culminate in competition, and which is attended by more than two (2) persons from the school which the student attends.
2. During the school term, you may not attend a coaching school or clinic for any interscholastic sport.

2. If you are ejected from a contest for unsportsmanlike conduct, you will be ineligible for your team's next contest. You are also subject to other penalties.
3. Any other person(s) found to be in violation of the ethics of competition or principles of good sportsmanship may also be barred from interscholastic athletic contests.

WGN AM 720

WMRO AM 1280

FIRE AND SEVERE WEATHER DRILLS

Fire and severe weather drills will be held periodically. At the beginning of the year, the teachers will give the procedure to follow in case of a drill. This is important as it may become necessary to give directions during the drill. The bell is the "all clear" signal during fire drills. Drill regulations are posted in each room.

All pupils will be required to follow these general directions during a fire alarm!

1. Students will not run but move rapidly in a quiet and orderly fashion in a column of two to the proper exit.
2. The students as well as the teacher will see that all room windows and doors are closed and lights turned off.
3. Absolute discipline is mandatory, there will be no talking during exiting or re-entering of the building. Students will obey all directions of staff members without question.
4. The first students to reach the outside doors of the building will open them and remain in charge of them until everyone in the building has made his/her exit.
5. Upon leaving the building each class will move to the area designated by their teacher away from the buildings and remain there until the return signal is given. Students should not congregate on the roadways.

During severe weather drills, the students will be required to follow these general regulations:

1. All students and teachers are to move immediately to their designated shelter when a disaster warning is announced.
2. All persons are to assume a seated position on the floor, with head down and hands locked over head during the disaster period and remain there until directed.

Parents Note: If a severe weather condition occurs near dismissal time, students will be kept at school until the weather improves.

DISASTER PLAN

In cooperation with our local civil defense and city authorities, we have developed a comprehensive disaster plan. The St. Charles Civil Defense alerts us immediately in case of severe weather or a tornado watch or warning. Please take note of the following:

If at dismissal time the sky is threatening, and tornadoes or severe weather seem to be evident, the school administration may make the decision to hold the students until this period has passed. Radio stations WFXW (1480) and WRMN (1410) will report this information. We ask you not to expect your son/daughter home or a call from your son/daughter to you until the condition has passed.

In the event of early dismissal due to an emergency, your son/daughter will be instructed to go directly home. Buses will be assembled and loaded as at the end of the school day. You will need to advise your son/daughter what procedure to follow in the event you are not at home. As above, the radio stations will report this information.

TELEPHONE

Pay telephones are available and provided for your convenience. The Main Office telephone is to be used for EMERGENCY calls only. Because of the size of the school, students will not be allowed out of class to receive a telephone call.

Often we receive calls from parents wishing to convey messages to their sons or daughters regarding doctors appointments, rides home, forgotten clothing, etc. Because of the size of our student body, it is impossible to convey all of the messages. Therefore, we ask that parents only call in the case of a real EMERGENCY. Students of high school age are unusually resourceful and can adapt readily. Arrangements for situations such as those listed above should be made at home.

VISITOR CONTROL POLICY

To preserve the educational environment and to provide for the safety of our students, faculty, and staff, District #303 requires that all visitors to our elementary, middle, and high school campuses have permission to be in the building or on the grounds during school hours. (A visitor is defined as a student who is not enrolled in that school, an adult who is not a member of CUSD #303 faculty or staff, or any person who is not otherwise authorized to be in that building or on its grounds.) In all cases, visitors must have clearance through the main office or by designated personnel and must display a visitor identification tag at all times. In the event that permission is not obtained or is denied, visitors will be directed to leave the premises. (Violators will be subject to legal action.)

STUDENT OBLIGATIONS

Students will be assessed for obligations that include money owed for damaged or lost books, for equipment and materials that have not been returned, and for the willful destruction of the school property.

DISCLAIMER

The provisions of this handbook are not to be considered as irrevocable contractual commitments between the school and the student. Rather, the provisions reflect the current status of the rules, practices and procedures as currently practiced and are subject to change.

ACADEMIC INFORMATION

HOMEBOUND INSTRUCTION: Students unable to attend school and who anticipate a long absence because of illness or injury for a period of ten (10) school days or more may obtain information on homebound instruction from the Guidance Office.

HOMEBOUND PROCEDURES: When a student is placed on homebound status for an extended period of time, lab courses will be dropped without penalty. The other courses will be continued with the services of a homebound teacher. The regular classroom teacher will provide weekly assignments and lesson guides for the homebound teacher. If a student has been hospitalized, the parent should notify the guidance counselor and may request home-work through the guidance office.

Whenever a student has been absent for five days, he/she should see his/her guidance counselor upon return to school. Parents should contact their guidance counselor when the student is ready to return to school after homebound instruction. Every effort will be made to help the student continue his/her education with a minimum of lost credit. In place of a dropped lab course, an approved correspondence course from the University of Missouri may be substituted. The parent/guardian will pay the initial cost with reimbursement from the school district upon successful completion by the student.

ASSIGNMENT MAKE-UP: It is the responsibility of the individual student to obtain all make-up assignments. If a student is absent due to illness for three days or more, parents can request homework assignments. Parents should request these assignments through the student's counselor. Assignments will be available at the conclusion of the following school day (24 hours later). Homework assignments will not be available until after 2:40 p.m. the day following the homework request. Homework buddy systems are suggested for an absence shorter than three days. Each student is responsible to gather his/her homework for a pre-arranged absence.

REPORT CARD SCHEDULE: Report cards will be mailed approximately two (2) weeks after the end of each quarter. The end of quarters for the 2003-2004 school year are as follows:

October 31	First Quarter
January 15	Second Quarter, First Semester
March 19	Third Quarter
June 2	Fourth Quarter, Second Semester

HONOR ROLL INFORMATION: Honor rolls will be published at the end of each semester. Only semester grades will be used to compute honor rolls. Students with only A's and B's will be placed on the honor roll. Student's with all A's will be placed on the high honor roll. Honor roll information is considered directly information and as such parents must notify the school if they do not want their student's name released to the general public. Grades in physical education contribute to the student's honor roll placement. When the honor roll is published the following statement will appear: "Parents may request that honor roll information not be released on his/her child. Therefore, this list may not include all students who have achieved honor roll status."

TRANSCRIPTS: Transcripts are issued by the registrar and there is a \$1.00 fee for each transcript issued. Please allow 24 hours for transcripts to be processed. A final 8th semester transcript is issued at no cost upon graduation.

WITHDRAWALS: During the year students leave District #303. If your son or daughter is leaving school, the student must have a Student Withdrawal Transfer Form signed by each of his teachers. The student picks up the form in the Guidance Office and returns it to the office when completed at his final checkout. The form permits teachers to indicate a final grade average and to check that textbooks have been returned.

TRANSFER and RE-ENTRY STUDENTS: Students transferring from a public school in Illinois to a St. Charles Community Unit School District 303 school may be denied enrollment if they do not present a "student transfer form" (ISBE33-78) upon registering.

PUPIL TRANSFER RECORD FORM: Parents should also come in to the high school to sign a Pupil Transfer Record form. This authorizes the high school to release student records to the new school the student will be attending.

GRADING

The goals of education are accomplished by the pursuit of knowledge and understanding rather than the pursuit of grades. The high school uses the letter grading system to represent the different levels of achievement recognized in each course:

A: This grade indicates clear and convincing evidence of deep knowledge and detailed understanding of the concepts and skills learned in the course.

B: This grade indicates evidence of substantial knowledge and consistent understanding of the concepts and skills learned in the course.

C: This grade indicates evidence of basic knowledge and understanding of the concepts and skills learned in the course.

D: This grade evidence of limited knowledge and understanding of the concepts and skills learned in the course.

E: This grade will be applied only when warranted by extenuating circumstances. This mark indicates that the student has made significant effort toward completing course goals, but has not met the minimum requirements of the course. It will qualify for graduation, but it carries no point value.

F: This grade indicates that the student has not yet met minimum requirements and will receive no credit. Evidence of knowledge is incomplete or has so many misconceptions the student cannot be said to understand the concepts learned in the course.

P - This grade indicates that a student who has elected to take a course pass-fail has met requirements for the course and will receive credit.

I - This grade indicates incomplete work and no credit. Incomplete grades are changed to F if not addressed by the student in 3 weeks.

W - Withdraw, no penalty.

T - Audit, No credit is issued.

WF - A student will receive no credit for the course. This grade indicates the student has been withdrawn from the course after three weeks. The grade of failure will be used to calculate the student's grade point average.

NC - A student in independent service who is unable to fulfill the service obligation will receive no credit.

PASS-FAIL

A student may elect to take one course per semester on a pass-fail basis excluding physical education. Students must complete a pass-fail form available in the counseling office. The student may choose this option if they are scheduled for the enrolled course equivalents to 2 _ or more credits per semester and a letter grade is given (2 credits enrolled per semester during the senior year). Required courses may not be taken pass-fail. Pass-fail credit will count toward graduation, but will not be used in computing grade point average if a P (Passing) grade is earned. If an F (Failing) grade is received, it will be used in calculating grade point average. Courses that are offered as pass-fail only (such as Internship) will not count toward the one pass-fail elective.

ACADEMIC INTEGRITY: It is the goal of St. Charles North High School to help students develop self-discipline and a strong sense of responsibility. Academic cheating will not be tolerated at St. Charles North High School. Teachers will not accept papers, tests, or assignments that are not the student's own work. The student receives no credit and the result is recorded as a zero. There is no make-up privilege. Based on the situation and degree of student involvement, students may face further disciplinary action contingent upon the nature of the "cheating".

The State of Illinois requires a minimum of thirty (30) clock hours of classroom and six (6) clock hours of behind-the-wheel instruction. We meet these requirements with the two phases of our program. The first phase is classroom and the second is the laboratory phase. The laboratory phase may include the range, simulator and on the street portions. Failure to meet any of the state requirements will result in students being removed from the class without credit. GUIDANCE OFFICE

The Guidance Department exists to guide and assist students through the personal, social, educational, and developmental tasks of adolescence.

As part of the comprehensive student assistance program at St. Charles North High School, the Guidance Department helps students focus on:

1. Personal issues such as self-awareness and planning for the future.
2. Social issues such as relationships with peers, adults, and authority.
3. Educational issues such as problem solving, decision making, and accountability.

The Guidance Department recognizes the uniqueness of the individual, the diversity of the community, and the spectrum of student needs and concerns. In response, the guidance counselors use a holistic approach when viewing students and addressing their various needs.

In addition to serving as support to the individual student and their family, the Guidance Department has developed a broad based curriculum to address the:

Freshman and Sophomore Year, i.e., orientation to high school, career testing/exploration, school rules and discipline, administration of PLAN, study skills, post-high school planning, conflict resolution and four year plan.

The Guidance Department supports the general academic program through the yearly development of a student schedule that encourages students to meet their fullest potential in high school while exploring options for the future. In addition, the following programs and services are offered: peer leadership, peer mediation, support groups, individual and family counseling, orientation service for new students, applied study skills, and mentoring. Counseling services are available by appointment or on a "drop-in" basis when necessary. During class time students shall seek the permission of their teachers before going to see their counselor. Students and parents should always feel free to arrange for individual conferences with guidance counselors. The counselors are available to work with students in all areas of adjustment. The Guidance Department has counselors who aid students in developing their four year high school program in relation to their career goals. Students are assigned counselors alphabetically. The student's counselor name will appear on his/her schedule and all attempts will be made to keep the students with this counselor for his/her four years of high school.

WORKING PERMITS: Working permits or Aide Certificates are issued at the high school for students residing in the School District. Working permits are available and may be obtained from the Main Office. A minimum of two days is needed to process a work permit.

These programs/services include the following areas: learning disabilities, emotionally disturbed, mentally handicapped, visually or hearing impaired, physically handicapped, multiply handicapped, autistic, head trauma and speech/language delays. In addition, related services such as social work, occupational or physical therapy, health needs and transportation are available to students who require them. With regard to the identification of students in need of special education, the district provides the following screenings and/or evaluations.

- Vision and hearing screening

Regular education students are eligible to receive social work services if an issue is impacting on their ability to derive benefit from their current placement. Home/hospital (tutoring) services are available if a student is anticipated to miss ten or more days of school.

Parents of students residing within the district have the right to request a copy of the Rules and Regulations to Govern Special Education. For further information regarding special education, parents are directed to contact their child's building principal.

Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve diagnostic and therapeutic services for students. Therapy and diagnostic services provided to a student may be partially reimbursable. Unless you object in writing, C.U.S.D. 303 will claim reimbursement for services provided. These claims will have no impact on your ability to receive Medicaid funding now or anytime in the future. If you do not object to this release of information related to Medicaid claims, do nothing. Otherwise, you may state your objection in writing and forward it to the Director of Special Education Services, 201 South 7th Street, St. Charles, IL 60174.

HEALTH RECORDS AND SERVICES

HEALTH RECORDS FOR STUDENTS: In accordance with the School Code of Illinois, Public Act 81184, Section 278.1, physical examinations as prescribed by the Department of Public Health will be required of every child. This examination is to be conducted within one year prior to entering school for the first time (kindergarten or first grade) and again within one year prior to entering the fifth and ninth grades. The health examination must be performed and signed by a physician licensed to practice medicine in all its branches (also includes osteopaths), in Illinois or any other state who are employed for the purpose by the parent or guardians of the children examined. Cumulative records of the examinations shall be kept by the school authorities.

To carry out the above statute, the following procedures shall be followed:

1. The Illinois School Code requires all students entering the ninth grade to submit a current physical examination on the "Child Health Certificate" form. In order for your child to register for high school in August, the required physical examination must be on file or you must be able to show evidence that an appointment for a physical examination has been made with a physician.
2. Newly transferred students into Community District #303 will be given one month to comply with physical examination requirements.

3. Students not in compliance with physical examination and immunization requirements will be excluded October 15th until reports are submitted. In cases where exclusion is necessary, after three days' absence, truancy will be reported to the Kane County Authorities.

TAKING MEDICATION IN SCHOOL: Frequently students have to take medication during the school day. School policy requires that medication is administered by school personnel. Any student who is to take medication, **both prescription and non-prescription medication**, must have a written order from a physician, co-signed by a parent or legal guardian. The medication must be brought to the Nurse's Office, **in its original pharmacy container**, and it will be locked in a medication cabinet. At that time in the school day that the student should receive the medication, that student should report to the nurse. **No medication will be given at school unless this procedure is followed.** Medication forms are available in the Nurse's Office.

Public Act 92-0402, allows for the option of self-administration of asthma medication at school. This law is specific for asthma medication only. If a parent wishes to have the student self-administer the medication, we must have a physician's order on file and a waiver of liability from the parent. These forms are available from the health office at your child's school. Any student who is self-administering medication(s) for Asthmas must have on file with the Health Office all required physician orders and parent waivers.

VISITS TO THE NURSE'S OFFICE: Students are to have a teacher's pass to visit the Nurse's Office. If during a passing period the student needs to visit the nurse, he/she should report directly to their next class and immediately ask the teacher for permission to go to the nurse's office. The nurse has discretion to accept a student without a pass in emergency situations. If the nurse's office is closed or she is not there, the student should report to the Deans' Office.

STUDENT ASSISTANCE AND SUBSTANCE ABUSE PROGRAM

The Student Assistance Coordinator facilitates prevention activities and intervention strategies toward the goal of eliminating drug and alcohol consumption among St. Charles students. The district coordinator works cooperatively with all building principals, staff, students, and parents to increase awareness and address needs arising from substance abuse. Should there be any student or parental inquiries or concerns they can be made to the Student Assistance Coordinator or Substance Abuse Counselor in confidentiality.

STUDENT INSURANCE

The opportunity for parents to purchase low cost, limited benefits insurance to cover student accidents either at school or 24 hours is provided through an insurance company. Also available is extended dental insurance and life insurance. The intention of the policy is to keep parents from unexpected medical expenses due to accidents. In order to insure continuance of the same low premium, thereby bringing benefits within reach of all parents, the policy pays benefits on a non-duplicating basis when other insurance or plan is involved on all claims over \$100.00. The \$100.00 of covered expense will be paid regardless of any other insurance. See the insurance company's brochure for details of items not covered. This insurance plan now provides an option for coverage for illness.

ASSEMBLIES

Assemblies will include athletic recognition, guest speakers, musical and dramatic programs, awards, and programs presented by classes and other school organizations. Students are seated in the gymnasium or the theater for assemblies according to the instructions given by the teacher and administration. Students who misbehave will be referred to the Dean. Compliance with the following rules will insure the proper atmosphere:

1. Give immediate and courteous attention to those presiding as well as those involved in the performance of the assembly.
2. Show proper appreciation for the performance by applause only in formal assemblies.

935.00 DISCIPLINE AND ATTENDANCE

HIGH SCHOOL (9-12) GUIDELINES FOR DISCIPLINARY ACTION

It is the sincere desire of the Board of Education that each student practice self discipline, so that disciplinary action by teacher, administration, and the Board of Education may be avoided. In order to provide a fair and equitable system for the administration of discipline in our schools, the Board of Education has approved the following guidelines. The desire is to promote positive citizenship and a constructive school environment. Parents will be notified regarding discipline which may be employed to achieve desired behavioral results. In addition, when further remediation is required, the Pupil Personnel Service Team will be included.

Discipline is first sought through the teacher-student relationship developed in the classroom situation. Early parental involvement is an important element of the disciplinary process. A strong effort will be made to contact and work with parents prior to final and most serious disciplinary action. Parents will be notified regarding any suspension which takes place. The disciplinary procedure as outlined shall be carried to conclusion even if a student withdraws from school.

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The District will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities. The committee shall review the State Board of Education's guidelines on the use of behavioral interventions and use them as a non-binding reference. This policy and the behavioral intervention procedures shall be furnished to the parent(s) / guardian(s) of all students with individual education plans within 15 days after their adoption and /or presentation to the Board or at the time an individual education plan is first implemented for a student. The parents/guardians of all students with disabilities shall be informed annually of the existence of this policy and the procedures. Students deemed eligible for special education or Section 504 services are subject to the district's discipline policies. Disabled students may receive modifications as necessary to comply with specific policies, procedures, and state regulations and guidelines that pertain to the discipline of special education students.

Teachers, other certificated employees, and classified staff designated with that responsibility shall maintain discipline in the schools, including the school grounds. In all matters relating to the discipline in and conduct of the schools and school children, they stand in the relationship of parents and guardians to the pupils. This relationship shall extend to all athletic and extra-curricular programs, and may be exercised at any time for the safety and supervision of the pupils in the absence of their parent or guardian.

A teacher may use reasonable force as needed to maintain safety for the other students and may remove a student from any school program or activity for disruptive behavior. Guidelines for student discipline are published in the high school planner. The guidelines are in effect 24 hours per day throughout the calendar year when students are on school property, on a school bus, on the way to or from school, at a school related function, or when students represent the school. Any violation of these disciplinary rules which might lead to substantial disruption or interference with school activities, and the proper provision of educational services in an environment safe for students and school personnel, whether on or off the school premises, may result in suspension or expulsion.

Any disciplinary infractions not listed in these guidelines shall be dealt with on an individual basis by the school administration in order to achieve the desired behavioral result.

These guidelines and the decision as to the scope of the penalty, if any, beyond the minimum is committed to the sound discretion of the school administration, giving due respect to the extent of past infractions and the willfulness of the violation. Some form of hearing (due process) must be provided in each instance when, as a result of discipline, the student will be deprived of access to educational services.

SEARCH AND SEIZURE

School authorities (certificated employees and school administrators) may search a student and/or the student's personal effects (e.g., purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there are reasonable grounds for suspecting that the search will produce evidence that the student has violated or is violating either the law or the rules of the school. In addition, the reasonable grounds must be accompanied by particularized suspicion with respect to the individual to be searched. The search itself must be conducted in a manner that is reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. When feasible, the search should be conducted as follows:

- outside the view of others, including students,
- in the presence of a school administrator or adult witness,
- by a certificated employee or administrator of the same sex.

School property, including but not limited to desks and lockers, is owned and controlled by the District and the District may make reasonable regulations regarding its use.

School authorities are authorized to conduct area-wide general administrative inspections of school property (e.g., searches of all student lockers) as a means of protecting the health, safety or welfare of the District, its employees and students, without notice to or consent of the student and without a search warrant.

If a search conducted in accordance with this policy produces evidence that the student has violated or is violating either the law or District 303 rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate,

such evidence may be transferred to law enforcement authorities.

Locker - The District owns and retains control of all lockers provided by the District at all times. Students are advised that the administration has the right to open and inspect student lockers should there be reasonable suspicion of anything inappropriate, improper, illegal, or unsafe within.

Automobile - It is also important for students to understand that the appropriate school personnel have the right to inspect and/or search any vehicle being driven by a student and parked on school grounds at any time should there be reasonable suspicion that there is something illegal, improper, or unsafe inside the vehicle.

ATTENDANCE GUIDELINES

Expectation

District 303 assumes that students will always be in attendance at school except for cases of illness, serious family crisis, or situations that have been prearranged.

Student Responsibilities

Regular attendance is essential for academic success. A "class participation grade" may be part of a student's weekly grade. Therefore, regular attendance is expected in all classes.

If a student is going to be absent his/her parent or guardian must telephone the attendance office before 10:00 a.m. on the day of the absence. When parents are out of town, they are expected to designate a responsible adult to telephone the school and provide a telephone number where they (the parents) may be contacted.

Attendance Office: 443-5712

ABSENCE TERMINOLOGY

The building principal or administrative designee shall determine the status of absences when further clarification is needed:

Early Dismissals:

All students who have notes from parents requesting early dismissal are to report to the Attendance Office. The note must give clear description of the reason for the request for early dismissal.

Students must have a Permit to Leave the Building issued through the attendance office prior to their departure. If they have not secured this permit to leave they are considered to be truant until they are excused by a parent/guardian. (However, they will be subject to disciplinary action for a campus violation.) Upon their return they must check into the attendance office.

Exclusion:

This type of absence is imposed by the school due to incomplete medical records and/or failure to comply with the State physical exam and immunization mandates, and allows for the following make-up privilege: no daily make-up unless a test was given which covered material taught while the student was present in class.

Excused Absences:

DISCIPLINE TERMINOLOGY:

Alternative to Drug / Alcohol Suspension (ADAS)

A drug/alcohol educational and assessment program that will diminish the number of days of suspension for those involved in a drug/alcohol offense.

Philosophy:

St. Charles School District is concerned with the full and harmonious development of the whole person. The ultimate emphasis is placed on the individual student to assume great responsibility and to actively pursue growth as an individual. St. Charles School District recognizes that there are attitudinal behavioral, and/or medical problems which can obstruct the realization of this goal.

One common and serious problem present in today's society is abuse of drugs and alcohol. It is recognized that experimentation and abuse of alcohol and drugs are destructive to an individual and others, and can lead to chemical dependency. It is also recognized that prompt and appropriate attention can help many of the individuals involved.

St. Charles School District believes that it has an important role, along with parents and other members of the community, in helping students to make responsible decisions about the use of alcohol and drugs. A primary objective is to facilitate the development of the proper attitude and behaviors. Students, as well as other members of the community, often need education and assistance to help them obtain the objective.

Program Purpose:

The purpose of ADAS program is to allow a student and his/her family to choose a constructive alternative to the maximum number of days suspension for violating the rules concerning drugs and/or alcohol as stipulated in the Student Handbook. This alternative will allow the student to continue classroom education with a minimum of interruption and facilitate family dialogue about the use of drugs and/or alcohol.

Program Goals:

- To provide a professional evaluation regarding the extent of and reasons for drug/alcohol use by the student.
- To provide education to the student and parents regarding the effects and consequences of chemical dependency.
- To encourage parental involvement in preventing further use/abuse of chemicals.
- To direct the family to appropriate treatment alternatives and/or self-help resources.

Dean's Detention:

A classroom period to be made up before or after school assigned by the Dean.

Expulsion:

Expulsion is defined as the involuntary removal of a student from all school classroom and extracurricular activities with possible loss of credit. An expulsion may be imposed for any period of time ranging from eleven (11) days to the remainder of the school year, or two (2) calendar years from the date of the student's removal by the Board of Education.

Expulsion Warning:

The school administration may recommend the placement of a student on Expulsion Warning at any time during the school year. The criteria for placement on Expulsion Warning are based on the student's behavioral record. Once a student has received ten (10) days of PMA / AMA, or Suspension in a school year, the case will be reviewed with the building Principal, and the student may be eligible for an Expulsion Warning. Upon reaching a maximum of fifteen (15) days PMA / AMA, or Suspension the student will be issued an Expulsion Warning in a conference with the student, parent, and Principal. The Expulsion Warning form is to be signed by the student, parent, and Principal. If behavior violations continue, an expulsion screening and possible recommendation to the Board of Education for an expulsion hearing will follow.

Expulsion Screening:

An Expulsion Screening is a meeting convened by a building administrator to review all pertinent data in regards to a student who has been suspended ten days with possible expulsions to follow. Those in attendance could include the student, parent, counselor, Social Worker, School Nurse, Psychologist Director of Guidance, District Special Education Representative, and the Assistant Principal. At the parents discretion, legal counsel and/or a private therapist can be in attendance. There is a review of all data concerning the student to get a better understanding of all facts of the disciplinary case, an academic and disciplinary history, and other information which will help them get a more complete picture of the whole student. Based on this accumulated data a decision will be made if there are any Special Education issues or if it is strictly an administrative decision that will be made.

(PMA / AMA) PM/AM Assignments:

A designated time before or after school where the student will be doing school work under the supervision of a staff member. Students have the responsibility to bring work and materials to be productive during the allotted time.

Positive Reward System:

As part of St. Charles High School's commitment to the overall needs of its students and to encourage good decision making, the Dean's Office has implemented a Positive Reward System (PRS). The PRS Program is intended for students who have been placed on Expulsion Warning or a Summer Discipline Review Contract at the beginning of the school year. Through the exercise of good decisions and appropriate conduct these students will be able to modify their overall limit of PMA/Suspension/SAT/ that is stated on their contract. A student will be rewarded with the exemption of one (PMA/Suspension/SAT) date from the aggregate total as applied to his/her contract when he/she has twenty (20) consecutive days in attendance without a referral that results in a (PMA/Suspension/SAT).

Saturday Assignment (SA)

Assignment is a detention held on Saturday mornings. Saturday Assignments run from 8:00 a.m. - 9:30 a.m. and 9:30 a.m. - 11:00 a.m.

Saturday School (SS)

The Saturday School Program provides an alternative for certain infractions when deemed appropriate by the assistant principals and deans. This alternative allows the student to remain in classes to take full advantage of educational opportunities. This alternative is a three-hour program on Saturday mornings.

The guidelines for Saturday School are:

1. Students are to enter the building through Door #4. The student will be escorted to a designated room by the program supervisor.
2. Students will not be admitted to the school after 8:00 a.m. Failure to report will result in further disciplinary action.

3. The program goes from 8:00 a.m. until 11:00 a.m. There is no release for lunch. Time spent will be divided into academic study, performance of service, and a self-evaluation time relating to the behavioral infraction.
4. The student will conduct himself/herself in an appropriate manner during the entire time. Normal classroom behavior is expected. Failure to do so will result in the student being sent home and reassigned the appropriate disciplinary action.
5. Assignments will be obtained by the student from the student's teachers for completion. The student is to bring textbooks.
6. The student is responsible for transportation to and from school.

Summer Discipline Review:

The program consists of a review of records of students who had numerous and/or severe disciplinary infractions for the previous year. Following the review, the student, parent, and dean and/or assistant principal will meet before or at the beginning of the school year to assign a final disciplinary warning with the range of 5-10 days PMA / AMA, SS, Suspension. On each Student Disciplinary Review sheet the dean or assistant principal will spell out the limits of future PMA / AMA, SS, or Suspension days. This review form is to be signed by the student, parent, dean or assistant principal. If the stated limits are exceeded, an expulsion screening and possible recommendation of the Board of Education for an expulsion hearing will follow.

Once a student has received 10 days PMA / AMA, SS, or Suspension in a school year, the case will be reviewed with the building principal and the student may be eligible for a Summer Discipline Review. Upon reaching a maximum of 15 days PMA / AMA, SS, Suspension the student will be issued an expulsion warning and be assigned to the Summer Disciplinary Program.

Suspension (Suspension) Out of Building Suspension:

Temporary removal from school by the principal, assistant principal, or dean for a period not to exceed ten (10) consecutive school days. Students are not permitted on school grounds or at school functions. The student will have the opportunity to complete all academic assignments, quizzes, and tests for credit. Arrangements for any make-up are to be initiated by the student with the teachers with the understanding that some educational experiences cannot be duplicated. The students must complete the assignments, quizzes, and tests in the number of days equal to the length of the suspension.

Teacher Appointments:

A period of time to be made up before or after school, assigned by a teacher.

VIOLATIONS

ATTENDANCE:

Tardy:

Students are expected to be on time throughout the day. As a general guideline, students should be in their assigned seats or at their assigned station when the bell rings. Students who do not meet this guideline or any individual teacher's tardy rule will be considered tardy. Any student who is excessively late is considered absent and will be sent directly to the Dean's office to clarify the absence from class. They will receive a Dean's Admit that will be an excused absence or a truancy.

First period tardiness has some special considerations. There can be situations where inclement weather, bus delays, or other unforeseen occurrences (oversleeping is not considered to be an acceptable excuse) that could legitimize a tardiness or absence. Every effort will be made to identify these situations and advise the staff over the P.A. so the students will not be held liable.

Should an unexcused tardiness occur, the following actions will be taken:

1st Tardy: Teacher records the tardy

2nd Tardy: Teacher records the tardy and notifies the parent

3rd Tardy: Teacher records the tardy, notifies the parent, and assigns a teacher appointment.

4th Tardy: Teacher records the tardy, and initiates a Dean's Referral. The Dean will see the student and notify the parent.

5th Tardy: Teacher records the tardy and initiates the Dean's Referral. The Dean will issue an PMA or Saturday School, gives a "Final Warning", and notifies parent.

6th Tardy: The teacher records the tardy and initiates a Dean's Referral. The Dean will withdraw the student from class with a failing grade and place the student in study hall.

NOTE: Parental contact by the teacher via telephone can be defined as leaving messages on an answering machine. If the teacher is unable to personally talk with a parent after several attempts, the teacher should notify the Dean.

Truancy:

If a student is not on the Absence List from the previous day, or if the student is excessively late, the teacher will send the student to the Dean's Office for immediate clarification before being admitted to class.

The Dean's Office will clarify the student's status and send the student back to class with a Dean's Admit.

The Dean's Office will assume the responsibility of tracking student's truancy through parent notification, disciplinary action, final warning, and removal from class. The teacher's responsibility is to send the student to the Dean's Office directly without admission to the class to have the absence clarified.

Once it has been determined that a student absence is a truancy, the following steps will be taken:

1st Truancy: • Parents are notified of the truancy by the Dean's Office.

2nd Truancy: • Parent conference

3rd Truancy: • Parent conference
• Referral to student and/or family counseling
• Identification of services available to truant students
• PMA / AMA or Saturday School
• Final Warning is given

4th Truancy: • Police Referral

• Parent Conference

• The student will be withdrawn from the class with a failing grade and placed in a formal study hall.

Total Absence Policy:

1. When a teacher feels that a student's absences are adversely affecting his/her performance in class ("excused", "unexcused" or "truancies" totaling no more than ten (10)

A contact by the teacher is necessary by telephone or conference.*

*NOTE: Parental contact by the teacher via telephone can be defined as leaving messages on an answering machine. If the teacher is unable to personally talk with a parent after several attempts, the teacher should notify the Dean.

2. If, following step 1, the absence pattern continues ("excused", "unexcused" or "truancies" totaling no more than ten (14).

A staffing will be held to consider removal from class, placement into homebound instruction, loss of credit, or any other appropriate disposition (staffing is initiated by the teacher and called by the counselor).

3. If, following step 2, the student accumulates 18 or more ("excused", "unexcused" or "truant" absences.

The student may be denied credit for the course (initiated by the teacher, disposition given by the Dean, Counselor, and Instructional Coordinator).

935.06 HIGH SCHOOL CODE OF CONDUCT

STATEMENT OF PHILOSOPHY

Participation in extracurricular activities (athletics and non-athletics) is a significant component of a high school student's development. Through participation students develop many lifelong skills and positive values. These include cooperation, leadership, healthful living habits, self-discipline, integrity, teamwork and respect for rules and regulations.

Concurrently, participating in extracurricular activities is a privilege. This privilege asks students to meet certain expectations beyond those found in the traditional classroom situation. These expectations are reflected in the Code of Conduct.

Evidence suggests that most abuse of tobacco, alcohol, steroids and other illegal drugs takes place away from the school setting. St. Charles East/North High School strongly discourages students from attending parties and other situations where these abuses take place. Students involved in extracurricular activities should not jeopardize their individual or team reputation by attending these functions.

Further evidence suggests that students are most successful in avoiding drug abuse when students, parents, school personnel, and the community are working together and have consistent standards. These standards should include support and responsibility. If adolescents need help, it is the responsibility of the home, school and community to provide that help. At the same time adolescents need rules and regulations by which their actions are guided. When rules are violated, students should be responsible for their actions.

Signatures of the Code of Conduct are required for participation in extra-curricular activities and athletics. The signing of the Code of Conduct will remain in effect for one full calendar year.

EXPECTATIONS

Based on the above philosophy and in addition to the IHSA rules and regulations and disciplinary guidelines outlined in both the St. Charles East/North High Schools' Student Planner, the following expectations are:

1. Participants in all extracurricular activities shall not possess, actively seek, solicit, supply or be under the influence of tobacco, alcohol, steroids, or other illegal drugs, look-alike drugs, or possess drug-related paraphernalia.
2. Participants shall practice good citizenship in all environments by respecting the property and the rights of others.
3. Participants shall realize the existence of and be held accountable for the individual rules as outlined by the coach/sponsor as well as those outlined in the Code of Conduct.

CODE OF CONDUCT VIOLATIONS

Category A - A violation of the Code of Conduct has occurred when a participant possesses, actively seeks, solicits, supplies, uses or is under the influence of tobacco, alcohol, steroids, or other illegal drugs, look-alike drugs, or possesses drug-related paraphernalia.

Category B - A violation of the Code of Conduct has occurred when a participant seriously violates the rights or property of others. A Category B violation is a serious offense, which results in discipline action by the Deans office, a police report or arrest. Examples include, but are not limited to, theft, vandalism, sexual harassment, hazing, bullying, or possession of weapons, fighting and similar activities at school and in the community, violations of the telecommunications use agreement, and violations which result in police report or arrest.

CODE OF CONDUCT VIOLATION PENALTIES

A meeting including participant and parent(s) will be conducted to discuss the infraction with the Athletic Director/Assistant Principal. Non-compliance with the terms specified below shall result in the loss of all extracurricular activities until compliance is completed.

VOLUNTARY ADMISSION OF REASONABLE CODE INFRACTIONS

Before just cause suspicion of the first violation of Category "A", the student may voluntarily admit a code infraction to the Athletic Director and/or the Assistant Principal. In the case of a voluntary admission, the student's participation will be uninterrupted when it can be verified that he/she has been enrolled and is actively participating in a school recognized substance abuse program or other appropriate program. The student must complete the program. A voluntarily admitted code violation will be counted as the first code violation and may be applied only once.

CATEGORY "A" VIOLATIONS:

1st Offense

If there is a violation of Category A, the participant will be suspended from 50 percent of scheduled contests/events (this also includes post season tournaments) and must successfully complete a school recognized substance abuse program approved by St. Charles East/North High School at the participant's own expense. During this period, the athlete or activity participant may practice or attend meetings. If the 50 percent continues past the conclusion of the season, the penalty will be enforced at the beginning of the next season of participation. The penalty of 50 percent may be reduced to 25 percent if the following conditions are fulfilled:

- A. The student and parents request, in writing, within 5 school days of the violation ruling, - that they wish to avail themselves of the "service learning" option.
- B. The student successfully completes a "service learning" component managed by the student assistance team at St. Charles East/North High School.
- C. At the participant's expense, the student successfully completes a school recognized substance abuse or other recognized program approved by St. Charles East/North High School.

2nd Offense

The participant is suspended from competition for one calendar year and may not practice. The participant must attend a school recognized substance abuse program approved by St. Charles East/North High School at the participant's own expense.

The penalty of one calendar year may be reduced to suspension from 50 percent of all scheduled contests in all fall, winter and spring sports, and 50 percent of an entire season in co-curricular activities if the following conditions are fulfilled:

- A. The student and parents request, in writing, within five school days of the violation ruling, that they wish to avail themselves of the "service learning" option.
- B. The student successfully completes a "service learning" component managed by the student assistance team at St. Charles East/North High School.
- C. At the participant's expense, the student successfully completes a school recognized substance abuse or other recognized program approved by St. Charles East/North High School.

3rd Offense

Eligibility is terminated immediately for the remainder of their high school career.

CATEGORY "B" VIOLATIONS:

1st Offense

If there is a violation of Category B, the participant may be suspended up to 50 percent of scheduled contests or events and must successfully complete a "service learning" component managed by the student assistance team at St. Charles East/North High School.

2nd Offense

If there is a violation of Category B, the participant may be suspended up to 50 percent of scheduled contests or events and must successfully complete a "service learning" component managed by the student assistance team at St. Charles East/North High School.

3rd Offense

Eligibility is terminated immediately for the remainder of their high school career.
